

PULP & PAPER

1983 EDITORIAL INDEX

The 1983 Editorial Index contains complete listings of all feature articles and news stories published in 1983 issues of *Pulp & Paper*. Feature articles are listed by subject, by company, and by author. News stories are listed in the news stories section and also by company. Feature articles and news stories covering activities outside North America are listed under the name of the country. (Note: BG = Buyers Guide, November 15 issue.)

INDEX OF SUBJECTS

CHEMICALS

ASA sizes effective for alkaline papermaking	Jun 118
Chemical Directory, names of suppliers	BG 153
Chemical Markets—Aluminum sulfate	Apr 187
Chemical Markets—Caustic soda	Feb 212
Chemical Markets—Chlorine	Jan 207
Chemical Markets—Hydrogen peroxide	Oct 201
Chemical Markets—Sodium carbonate	Jul 173
Chemical Markets—Sodium chlorate	Aug 183
Chemical Markets—Sodium hydrosulfite	May 209
Chemical Markets—Sodium sulfate	Jun 203
Chemical Markets—Sulfur	Sep 247
Chemical Markets—Titanium dioxide	Dec 161
Enzyme eliminates slime buildup	Apr 124
Naval Stores meeting focuses on gum, tall oil rosin	Jan 142
Onsite chlorine production convenience worth cost	Nov 58
Product Review—Chemicals/coating	Mar 237
Survey of chemical supply for pulp and paper industry	Nov 75

COATING/SIZING

Annual survey of coating, filler pigments	May 98
Chalk filler used with rosin-alum sizing system	Sep 172
Coating color strainer improves LWC production	May 72
Evolution of coated paper traced	May 76
Instant starch cooker cuts preparation time	May 189
Polyvinyl alcohol improves sheet properties	May 148
Product Review—Chemicals/coating	Mar 237
Use of rutile TiO ₂ slurry cuts pigment costs	May 165

ENERGY CONSERVATION

Coal gasification competes with natural gas	May 126
Coal gasification provides fuel economy	May 118
Cogeneration is key to effective energy conservation	Jan 124
Cogeneration handles thermal load fluctuations	Sep 211
Current conservation trends focus on gasification	May 115
Flash-dried bark replaces coal as boiler fuel	Sep 70
Great Northern cuts power use in groundwood process	Feb 62
Reduced PV air temperatures lowers steam use	Sep 167
Reuse of warm water offers large energy savings	Sep 146
Wastewood feed control cuts fuel costs	Mar 122
Wastewood gasification economical alternative	May 122

ENGINEERING/MAINTENANCE

Ceramic tiles stop abrasion in chip separator cyclone	Sep 178
Chesapeake's waste oil reclamation system (Va.)	Dec 94

Coal gasification competes with natural gas	May 126
Coal gasification provides fuel economy	May 118
Cogeneration is key to effective energy conservation	Jan 124
Computer-aided design reduces instrumentation costs	Sep 66
Continuous digester weld cracks are threat	Oct 75
Current conservation trends focus on gasification	May 115
Damaged pumps salvageable with epoxy compounds	Dec 92
Drying and burning of woodfiber fuels	Jun 131
Federal Paper solves bleach plant corrosion	Aug 157
Great Lakes' bleach kraft mill at Dryden, Ont.	Dec 62
Great Northern cuts power use in groundwood process	Feb 62
Guide to often-replaced equipment	BG 25
Guide to selection of fluegas analyzers	Jun 153
Large-diameter pipe used in slip-lining project	Sep 211
Leveling demand cuts swing steam generation needs	Mar 165
Magnetic flowmeter handles interference voltages	Nov 187
Maintenance Tips—Bearings, epoxy, mechanical seals	Jun 175
Maintenance Tips—Boiler tubes, vent silencers	Nov 175
Maintenance Tips—Brush rigging, expansion joints	Aug 153
Maintenance Tips—Check valve, motor bearing/brush	Jul 149
Maintenance Tips—Counterflow packing	May 185
Maintenance Tips—Employee moral, solenoid failures	Feb 193
Maintenance Tips—Overloads, jumpers, alignment	Mar 219
Maintenance Tips—Solenoid valves, turbine safety	Apr 159
Maintenance Tips—Safety valve maintenance	Dec 127
Maintenance Tips—Streamlining inventory	Jan 179
Maintenance Tips—Switches, shutdown checklist	Oct 171
Maintenance Tips—Vibration monitoring	Sep 207
Microprocessor-based transmitter cuts maintenance	Nov 100
Mill cuts costs by converting from oil to grease	Aug 132
New Product Showcase	BG 31
Optical instruments improve alignment	Dec 56
Preventing boiler tube corrosion during shutdown	Feb 170
Product Review—Boilers/power	Nov 200
Product Review—Chemicals/coating	Mar 237
Product Review—Electrical/drives	Oct 193

EXPANSION/MODERNIZATION

Anjala mill modernization completed	Aug 75
BCFP starts up new newsprint machine at Crofton, B.C.	Jun 74
CCA completes power boiler, cogeneration project	Jun 71
Champion lifts fine paper output at Courtland, Ala.	Oct 54
CIP upgrades Gatinneau, Que., newsprint mill	Feb 140
Dynamic pump seals reduce bearing losses	Dec 68
Hammermill's two-phase market pulp expansion	May 142
Jackson Paper rebuilds 55-year-old machine	Nov 148
Kymi starts up twin-wire fine paper machine	Aug 117
Mosinee Paper increases capacity	Feb 171
NBIP upgrade of Dalhousie, N.B., mill complete	Sep 148
New Leaf River, Miss., market pulp mill preview	Jan 122
Publishers Paper starts twin-wire machine	Apr 133
Rebuild increases capacity at Combined Locks, Wis.	Mar 197
St. Joe brings new wood-fired power boiler online (Fla.)	Jan 138
Scott replaces woodyard with high-tech system	Nov 119
Union Camp adds highest-pressure boiler in U.S.	Nov 103
Wet end rebuild improves output efficiency	May 166
Weyco starts linerboard machine at Valliant, Okla.	Jan 150
Wisconsin Tissue ups capacity, broadens grade output	Jul 109
World's largest recovery boiler starts up	Jul 53

FINANCE/ECONOMICS

Capital shortage faces industry	Feb 65
Mill closed by recession seeks new owner	Aug 80
Washington Viewpoint—1983 outlook upbeat	Feb 37

FINISHING/CONVERTING

Automated roll packaging reduces operating costs	Mar 120
Automatic warehousing system reduces costs	Oct 79
Online system controls rotogravure quality	Oct 62
Product Review—Converting/finishing	May 201
Roll-handling, storage systems made more efficient	Oct 138
